

Process for Selection of GEETF Scholarships and Bursaries Recipients

The recipients of the GEETF Scholarships and Bursaries will be done by a process of lottery.

1. Applications will be received by April 15th.
2. The Awards and Scholarships Committee will look at the applications, verify that the applicants meet the established criteria (age, relationship to a GEETF member, that they are going to a publicly funded institution, etc.).
3. The names of applicants will be drawn. We will be livestreaming the recipient selection on May 27th.
4. The first three names will be drawn. A “waiting list” of additional names will be created in case an applicant changes their plans and does not end up attending a post-secondary program as they anticipated at the time of application. The “waiting list” will be written down in the order that they are drawn.
5. Names of the recipients will be announced on the GEETF website if the applicant has given permission for us to do so and recipients will receive a certificate that guarantees their receipt of the scholarship.
6. The recipients will have 2 weeks to contact the GEETF office for further instructions. If no contact is made within that period, the scholarship will be offered to the next candidate on the waiting list.
