Gymnastics Saskatchewan

WOMEN'S GYMNASTICS

2026-27 SASK FIRST PROGRAM

Program Description

The Sask First Program is Gymnastics Saskatchewan's Elite Development Pathway and, is designed to support the talent identification, selection and development of gymnasts within the Becoming a Consistent Competitor, Winning at all Levels and International stages of the Gymnastics Canada Long Term Athlete Development (LTAD) Model.

Saskatchewan gymnasts will be selected annually to one of three tiers. All gymnasts will have the opportunity to access expertise from the High Performance (HP) Coach, in line with Gymnastics Saskatchewan's and Gymnastics Canada's Long Term Athlete Development (LTAD) model. For 2026-2027 season, the tiers will be composed of gymnasts in the following categories:

Tier 1
HP Senior (2011 & earlier)
HP Junior (2012-2013)
HP Novice (2013-2016)
*These are all athletes who have been designated as HP Athletes by GymCan

Tier 2
Aspire 2 (2013-2017)
CCP Level 9 (all ages)
CCP Level 10 (all ages)
National Open (2012 & before)
National Novice (2013-2016)
*Tier 2 will include any athlete who is planning to attend Elite Canada 2027 & tested a HP Level at ID Camp

Tier 3
CCP Level 8 (all ages)

Program Objectives

The Sask First Program was implemented to give Saskatchewan's gymnasts and their coaches more training experience and to improve the level of gymnastics in the province. The program's overall objective is to improve results at all future Western, National and International competitions.

- This Program has three objectives:
    - To provide our current and potential High Performance and National stream podium (top 8) gymnasts with expert coaching lead by professional Gymnastics Saskatchewan HP Coaching staff and supported by other Canadian HP Coaches.
    - To increase training and competition experiences for selected gymnasts and their personal coaches.
    - To incorporate sport science programs into the yearly plan to better educate and support gymnasts, coaches, and parents in all aspects of the sport of gymnastics.

Program Activities

PROGRAM DEVELOPMENT, REVIEW & EVALUATION

The High-Performance coach and WAG Program Coordinator, in conjunction with the technical committee, will create the WAG Elite Pathways Program. The Manager of Technical Programs will assist in receiving and evaluating petitions and will have final approval over the program.

SELECTION

Annually, the HP Coach, will invite gymnasts to participate in a Talent Identification (ID) camp, conduct an assessment, determine if further evaluation is required and finally, select gymnasts to the 3 tiers.

- Sask First athletes for the 2026-2027 season:
    - Tier 1 athletes
    - National Open & National Novice
    - Level 10 athletes
    - Level 9 athletes
    - Level 8 athletes
    - Aspire 2

Tier 1 & 2 athletes from the previous season who competed at the 2026 Western &/or Canadian Championships in Level 9, 10, or HP and are not changing levels are automatically selected and confirmed upon:

1) Completing the Sask First physical testing
2) Attending the Sask First training camp November 26-28, 2026 (unless exempted by HP Coach, written request must be provided)
3) Competing on all apparatus at the following verification: December 13th, 2026, Mock Meet (TBC)

If Tier 1 and 2 athletes mentioned above test a level higher than they competed in the previous season, and do not meet the standard for the higher level, they will remain at the tier they were at the previous season.

Provisionally selected athletes are expected to show as much as they can as close to competition equipment as possible. What they show and with extra mats/softer landings is up to their personal coaches. For these athletes, coaches can choose for an assessment as per the manual or judge verbal/written feedback.

Gymnasts will be selected annually to tiers based on physiological development, physical ability, gymnastics skills, and performance results.

Each athlete, not already selected, must achieve the following all around score for each Tier and Level **to be eligible to be selected** to that Tier for the 2026-2027 season. These scores are based on selection from the previous year. This is to ensure that each year Saskatchewan is meeting standards and building strong teams.

- Tier 1
    - Only current HP athletes selected until after Elite Canada 2027 – AUTOMATIC Tier 2
    - HP pathway athletes testing a HP Level: 75%
    - Aspire 2: 80%
    - National Novice, National Open: 80%
    - CCP 8: 85%
    - CCP 9: 80%
    - CCP 10: 80%

All CCP 9 & 10 and national novice and open athletes must score a minimum of 33.5 points on skills. CCP 8 athletes must score a minimum of 34.5 points on skills.

Athletes who are not currently on a Gymnastics Canada designated HP list, and test an HP level at the ID Camp, will be conditionally placed into Tier 2, if they achieve the score standard outlined. If the score standard is not achieved at the ID Camp, the HP Coach (with the assistance of a judge) will convert their scores to reflect an appropriate National CCP Level (CP 9 or CCP 10). If the CCP score is met, they will be placed onto Tier 2 as a CCP National athlete until Elite Canada. Following Elite Canada, any athlete who is on a HP list will be automatically added to Tier 1.

From the eligible athletes who meet these standards, the HP Coach, in consultation with the Technical Director, has the final decision in the selection of gymnasts for each tier.

Each Tier 1, 2 and 3 gymnast's personal coach will receive performance feedback from the HP Coach outlining the recommendations to improvements in physical and skill development to help each gymnast achieve her potential. Tier 1 athletes and coaches will meet with the HP Coach 2-3 times per year, Tier 2 and 3 athletes and coaches will meet with the HP Coach 1-2 times per year to discuss goals (short and long term), training plans, training/physical/physiological needs.

Selected Sask First gymnasts will be notified via a team announcement that will include a list of competitions and training camps. Athletes who are not selected will receive recommended areas to work on from the high-performance coach to better the athlete's chances of being selected the following year.

The HP Coach can assess a gymnast and place her in one of the tiers, after consultation with the Manager of Technical Programs at any time. The assessment must include a minimum of 2 of the following:

- Observation at training camp(s)
- Competition results
- Observation of training

Selection of an athlete is pending receipt of the athlete and coach commitment forms to GymSask by the required deadline.

TRAINING

The Sask First Program will focus on reinforcing the fundamentals of gymnastics to achieve long-term success and strong competition results in the future.

Sask First gymnasts & their coaches will receive training in the following areas during training camps and competitions: body basics, core stability, flexibility training, training program design & implementation, sport specific warm-ups and cool-downs, training diets, refueling, competition & pre-competition eating, injury prevention, injury management, drug & supplement education, over-use/abuse, short term/long term goal setting and gymnast travel tips.

Sask First gymnasts will be invited to attend training opportunities throughout the year. These training opportunities will occasionally include a physical testing component so that the HP Coach and the coaches of the individual gymnasts can more easily track gymnasts' progress.

Camps will be used to continually evaluate each gymnast's progress. After each training camp, gymnasts' personal coaches will receive written feedback and future recommendations.

SPORT MEDICINE AND SCIENCE

Sport Medicine and Science will be an important part of the camps and will include sessions on things like nutrition, exercise physiology, sports psychology and injury prevention for coaches, and gymnasts.

COACH MENTORSHIP

The Sask First Program will aim to mentor all coaches with Tier 1, 2 and 3 gymnasts at or aiming to be at the High-Performance levels. The HP Coach and other guest coaches will offer training and technical ideas at various camps and competitions as mentioned. The coaches will evaluate this aspect of the program yearly to help provide direction.

Coaches will need to provide long and short-term planning documents, training details and other documentation to the HP coach if requested. Coaches may also be required to fill out other documentation for their athletes to optimize and assess each athlete's needs.

COMPETITION EXPERIENCES

There is an expectation that Sask First gymnasts attend the Sask First competitions they are selected for as well as other Team Sask events they trial for. If there are extenuating circumstances why a gymnast is not attending an event, there will be a discussion between the HP coach, WAG Program Coordinator, and the gymnast's personal coach to make a decision with the gymnast's best interests in mind, and the athlete's commitment to the Sask First Program.

The gymnasts will travel as a team. The determination of each gymnast's competition level at Sask First events is at the discretion of the HP Coach and will be determined by their skill performance and the requirements of each level. Gymnasts will be expected to compete with full requirements.

- Trialling Athletes $30

Annual Identification Camp

Invitation Criteria

1. Gymnasts who were named to a 2026 Gymnastics Canada High Performance list
2. Gymnasts who were selected to the 2025-2026 Sask First Program in Tier 1 or 2
3. Gymnasts who competed at the 2026 Western Canadian Championships in the CCP 8 category or who competed in Level 8, 9 or 10 categories at the 2026 Provincial Championships.
4. Gymnasts who scored 36.0+ in CCP 7 at the 2026 Provincial Championships.

Coaches may submit a petition form, to the WAG HP Coach with a link to a video of skills on each event of the level to be tested (skill list HERE), and past results at competitions from the 2026-2027 season. A check list of skills for each level will be provided to coaches for them to include for the video of athletes. It is recommended that coaches submit videos that include as many skills as possible from the checklist at the athlete's testing level. The decision lies with the WAG HP Coach and WAG Program Coordinator, with final approval of the Manager of Technical Programs.

The deadline for petitions is October 26, 2026.

Technical Evaluation

Athletes are invited to the testing based on the criteria listed above.
Athletes may test at any one of the following levels, providing they fit into the appropriate birth year:

1. High Performance — born in 2016 and earlier
2. CCP Level 10 — born in 2015 and earlier
3. CCP Level 9 — born in 2014 and earlier
4. CCP Level 8 — born in 2016 and earlier
5. Aspire 2 — born in 2013-2017
6. National Novice — born in 2013-2016
7. National Open — born in 2013 and earlier

Athletes testing CCP levels will be evaluated with the current CCP Code of Points and Canadian CCP manual. There is no cap on bonus at the CCP levels for either D/E bonus or connection value.

Athletes testing Aspire 2, national, and high-performance levels will be evaluated with the 2025-2028 World Gymnastics/FIG code of points, and the 2026-2027 Canadian Development and High Performance Streams Program Manual.

Trial Schedule

Skills Evaluation
November 15th : 9:00am – 2:00pm *
(Times may be adjusted once registration is confirmed)

<u>Warm-up</u>

- 30 minute general warm-up.
- Warm-Up per event will run 15 – 20 minutes.
  All available apparatus equipment can be used during general and event warm-ups.

SKILL EVALUATION

Link to scoresheets HERE.

- Equipment Standards.
    - Vault:
        - Aspire 2, national & HP novice: 115-125 cm
        - CCP 9, 10, national open, and high performance junior & senior: 125cm
        - CCP 8: 15 and older (born 2012 or earlier): 125 cm
          11-14 years old (born 2013-2016): 100 - 125 cm
    - Bars
        - Aspire 2, high performance, national novice & national open: FIG: 180 cm diagonal
        - CCP: Diagonal as per CCP program
    - Beam:
        - Aspire 2: 110 cm, up to 40 cm additional mats for dismount
        - CCP 8: 15 and older (born 2012 or earlier): 125 cm
          11-14 years old (born 2012-2015): 110 or 125 cm
        - CCP 9, 10 and High Performance: 125 cm

- Coaches are allowed to instruct gymnasts what to test.
- Gymnasts will present to judge, show all skills, and present when finished.
- Judges will evaluate every element shown. For example, if the gymnast is showing a free hip circle on bars and precedes the free hip circle with a kip cast, all three elements will be evaluated and deducted accordingly.
- Judges will begin deducting with the first counting element and stop with the last counting element. For example: if the gymnast completes a free hip circle and stops by dropping to the floor, this is not considered a fall. Also, if a gymnast demonstrates a kip and stops, only the kip will be evaluated; but, if the gymnast does a kip with a cast, both elements will be evaluated and deducted accordingly.
- Vault for all HP and CCP athletes will be performed onto a hard 20cm landing mat placed in the pit at floor level. (Additional 10 cm allowed). Vault will be best counting vault out of 2 for these gymnasts. Option to vault on the floor: run restricted to 23 metres.
- On bars, all flight and turning elements must be followed by a counting skill to receive credit. For example, a blind hop, straddle back or Pak salto must be followed with a kip or sole circle and performed without foot support on the floor, to receive credit and CR. A hecht from low bar to high bar must be followed by a kip.
- Gymnasts may test a skill a second time if there is a fall. This does not apply to vault. There is a **maximum** of **one** time per event. Spotting is not allowed.
- Coaches may stand in as per CCP and Aspire 2 regulations on vault and bars. Touching the gymnast receives a zero score.
- Up to 20 cm of additional mats may be used for beam dismounts and for double saltos on floor.
- Up to 30 cm of additional mats may be used for bar dismounts.
- Double saltos on floor may be performed into the pit onto a hard landing mat with no deduction.
- Up to 10 cm of additional mats may be used for tumbling lines with single saltos.
- Up to 20 cm of additional mats may be placed under the bars.
- Composition deductions will be taken for all CCP levels.
- Bonus for D/E elements and connection value is not capped at 10.0 for CCP.

Skill Demonstration:

Gymnasts will be allowed to demonstrate additional “bonus” skills on each event. These skills will not be judged for execution. Gymnasts will receive points depending on the DV of each skill as noted below.

Gymnasts will only be allowed to attempt each demonstration skill once. No second attempts will be allowed. No spotting is allowed.

VAULT

- Gymnasts may demonstrate 1 additional vault performed onto 20cm soft mats placed into the pit and piled up to floor height.
- No spotting allowed.
- Gymnast must land vault feet first and land or over-rotate in order for the demonstration skill to be awarded points.
- Gymnasts will receive the points following, depending on the DV of the vault.
- The demonstration vault must be of higher value than the first vault **IF** from the same family.

High Performance & National Open

	2012 & earlier	2013-2016
.1 bonus	3.6	2.9-3.4
.3 bonus	3.7-3.9	3.5-3.8
.5 bonus	4.0+	3.9+

Aspire 2, National Novice

.3 bonus	DV: 3.0+

CCP Levels 8, 9 & 10

Level 8: The demonstration vault must be a salto vault.

	Level 8	Level 9 & 10 (2012 & earlier)	Level 9 & 10 (2013-2015)
.1 bonus	n/a	9.5-9.6	9.6
